### Before you purchase:

If you are enrolled in a health maintenance organization (HMO) or other health insurance plan, the benefits provided by this ambulance plan may duplicate the benefits provided by your current plan. Before purchasing this coverage, it is recommended you call your health plan provider to determine if you are covered for this service.

### Warning:

The SVFRA is not an insurance program. It will not compensate or reimburse another ambulance company that provides emergency transportation to you or your family. This may occur when the 911 Emergency System has independently determined that another company could provide more expeditious service or is next in the rotation to receive a call. This might occur when SVFRA is unable to perform within a medically appropriate time frame due to certain weather conditions, a mechanical problem, or when committed to another call. Sonoma Valley Fire and Rescue Authority membership covers emergency and non-emergency medically necessary ambulance services in the Sonoma Valley Fire and Rescue Authority service area. Sonoma Valley Fire and Rescue Authority reserves the right to cancel an individual membership or the program at any time.
